Dear [redacted]

The following information is forwarded in order to assist you in making arrangements for travel to your husband's overseas station. It is requested that you and your children apply for passports as the first step in your preparation for travel. We prefer that each of your children obtain separate passports.

Enclosed are DD Forms 1056 with passport application blanks for your use. The attached instructions are self-explanatory. After applying for your passports, please notify [redacted] date and place of application by calling (collect) [redacted] in Washington, D. C.

In addition to the two pictures needed for each passport, it is recommended that you obtain at least six additional passport size photographs and a negative since the country in which you will be staying requires a residency permit which must be surrendered each time an individual leaves the country and a new one procured upon his return.

Also attached are "Report of Medical History" forms which our office wishes filled out for you and your children. The forms do NOT require a physician's statement unless paragraph three of the instructions attached to the forms is applicable. Please return these forms to the undersigned as soon as possible.

If you have any questions regarding application of passport or any other matter, please do not hesitate to call (collect) [redacted] and ask for [redacted]

Sincerely,

25X1
